

# MUHAMMAD FAYAZ

## MERN Stack & Next js Developer

+92333-3735364 @ developer15246@gmail.com <https://shorturl.at/NOWMW> [Portfolio](#)  
Peshawar Pakistan

## SKILLS

JavaScript	Typescript	React js	Redux/Zustand	
Tailwind/Bootstrap	Next js	Jest/vitest	Node js	
Express js	SQL & NO SQL	Redis	Graph Ql	
Microservices	Docker	CICD	Git & Github	Figma
MERN Stack				

## EXPERIENCE

### Full Stack Developer

#### Uk Institute Peshawar - Intern

10/2024 - 02/2025 Peshawar, Pakistan

My first internship where I gained hands-on experience as a full stack developer. I learned a lot about building scalable web applications, collaborating with teams, and applying modern development practices.

- Worked as a junior Developer on microservices-based projects
- work with TDD approach
- write Test cases for each action
- use Redis for Caching
- Dockerize Each Service make sure its worked on Production

## SUMMARY

I have gained hands-on experience in MERN Stack, Next.js, TypeScript, SQL & NO SQL DB, Prisma, GraphQL, (Microservices, Docker and CI/CD Concept).

I have worked on building scalable web applications, optimizing API integrations, and implementing authentication, state management (Redux Toolkit, Zustand), and testing (Jest & Vitest). My experience in Docker, Redis, and SQL/NoSQL databases further strengthens my backend capabilities.

## PROJECTS

### AI SaaS App

<https://assass.vercel.app/>

A web-based platform offering AI-powered services like chatbots, code generation, image creation, and background removal to enhance productivity and automation.

- Tech Used: Next.js, TypeScript, Prisma, MongoDB.
- code : [GitHub - FAIZY152/my-app-2](#)

### Food Panda

<https://foodpandalike.vercel.app/>

A full-stack food delivery platform with secure authentication, restaurant management, advanced search, and seamless order placement for users.

- Tech Used: MERN Stack, TypeScript, Zod, Zustand.
- code : [GitHub - FAIZY152/my-app-1](#)

## EDUCATION

### Associate Degree

#### Ghomal University

08/2022 - 01/2025

- Completed my Associate Degree now continue my Education to get Bachelor's Degree to further enhance my knowledge and skills.
